ADVAN
A052

A statement on the street and a standout on the track, it's race-inspired.

Nothing rewards your passion for extreme grip and high speeds like the all-new ADVAN A052 from Yokohama. BluEarth engineering gives you the handling, wet traction and grip to blow past the competition.

PERFORMANCE VEHICLES

Get the winning edge for your ultra-high performance and competition vehicles.

ULTIMATE GRIP

Our new MS Compound combines the extreme grip of motorsports technology with the fuel-efficiency of a BluEarth tire to deliver outstanding handling on and off the track.

WET TRACTION

A rounded rib profile provides sure-footed contact with the road for superior handling all around, especially in wet conditions.

SUPERIOR STABILITY

With compound ribs for powerful cornering, notched micro grooves to run cooler, and two wide grooves for added wet traction, our asymmetric tread pattern ensures maximum stability.
