V105

## This ultra-high performance tire is in a class all its own.

We strive to provide you with the most premium driving experience possible, and we created the ADVAN Sport V105 with you in mind. Developed at the world's most grueling racetracks and designed for ultimate luxury, this ultra-high performance tire is in a class all its own.

### **PERFORMANCE VEHICLES**

Specially engineered for premium high-performance vehicles.

### **WET TRACTION**

Our special Sport Compound 5S and distinctive tread pattern combine to resist hydroplaning and increase maneuverability to maximize performance capabilities in wet conditions.

### **SUPERIOR HANDLING**

The motorsports-inspired Matrix Rayon Body Ply Structure technology ensures reliable traction, responsive steering, and precision handling.

### **WEAR RESISTANCE**

With a compound formulated to extend treadlife and even-wearing Sport Profile Ribs that ensure long-term stability, this tire was built to last.

### **QUIETER RIDE**

A tread design engineered to reduce pattern noise allows you to enjoy the luxury of silence.
